SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112—Part II.)

1. The Chinese Nationalist Air Force has not been able to accomplish photography of Hainan Island requested by this office as a result of Specific Requests IT 834 and A-5020. Shortage of equipment has been the limiting factor in photographic reconnaissance of the CAF. However, the photographic reconnaissance potential will be greatly increased with the arrival of MAAG equipment.

2. The very good and very recent photography of Hainan Island and its facilities now available in Headquarters FEAF is much better and more recent than any now available to this office.
